## Conclusions and Recommendations

1. Focus on low-performing sectors to improve overall engagement rates across all 3 fields.
2. Investigate sectors showing declining trends to understand barriers to complete engagement.
3. Recognize and learn from high-performing sectors to replicate successful practices.
4. Monitor small sectors with exceptional performance as potential benchmarks.
5. Use the detailed distribution analysis to target specific engagement levels (partial vs full completion).
6. Companies with 3 '1s' represent full compliance - track these for best practices.
7. Continue tracking trends to measure the impact of engagement initiatives across all 3 fields.
